

Speed past traffic at 125mph, forget about parking and have a kip while someone else does the driving!

Typical journey time between London and Liverpool is just 2h 14m on one of our state-of-the-art tilting trains, six days a week. On Sunday mornings, engineering works slow things down a little, but by lunchtime we're operating services just a shade slower than Monday to Saturday.

Spoiled for choice...

We run trains hourly, six and a half days a week.

18 trains north and 17 south every weekday
